Attn: Chemical Right -to-Know Program;

I went through the documents that your department led me to on the internet. That is a great tool to have.

Upon review of the documents and discussion with former contact Mike Barreca, I find that Jayhawk Fine Chemicals formerly Inspec USA agreed to participate in the HPV Challenge Program by sponsoring four chemicals (CAS#'s- 142-96-1, 89-32-7, 123-11-5, 104-93-8). See received document (AR201-01373) dated March 9, 1999 from Michael Barreca. In December of 1999 you were informed (AR201-11912) of the decision to not participate in HPV associated with CAS#104-93-8. The document dated January 2000 (AR201-12266) Jayhawk withdrew our sponsoring of CAS#123-11-3.

While reviewing the documents under Inspec USA a document (AR201-01481) was found pertaining to Inspec UK dated March of 1999. I have no knowledge of the Inspec UK commitment to the HPV program.

CAS# 142-96-1 = Information will be provided through the NBE Producer's Association which Jayhawk is a member.  
CAS# 89-32-7 = Jayhawk tried to develop a consortium with larger producers of PMDA but other producer's did not commit. Jayhawk has no plans of following through with testing as a result.  
CAS# 123-11-5 = Information will be provided by other's. Jayhawk no longer produces this chemical.  
CAS# 104-93-8= Information will be provided by other's. Jayhawk no longer produces this chemical.

This is the most up to date information on Jayhawk Fine Chemicals. If you have any additional questions please contact me.

Best Regards,

Richard Matteson: HSE Manager  
Jayhawk Fine Chemical

Subject: HPV for CAS 89-32-7

08:41 AM

I have received the letter dated April 12th 2004 addressed to Mr. Michael Barreca with Inspec USA, Inc. requesting an update on HPV testing for CAS# 89-32-7 that Jayhawk Fine Chemicals produces. I have found no documentation of a commitment by our site to sponsor this chemical. I have found no HPV testing has been completed to date for this chemical. Our site has no plans of HPV testing for this chemical in 2004.

If you have any additional questions please contact me at the phone number listed below.

Please update your records to reflect changes in our company name and contact information as indicated below.
